MEMORANDUM FOR: PERSONNEL DIRECTOR

SUBJECT: Personnel Support FE/SS

1. It is requested that Personnel provide three key personnel for assignment to the Far East Support Staff, Far East Division.

25X1A9a

2. More specifically it is requested that Mr. [REDACTED] be released immediately in order that the FE Personnel Office may be activated and staffed to perform its assigned functions. The three individuals mentioned have expressed their desire for FE overseas duty.

3. Additional personnel including Military personnel specialists will be required in the very near future. Nominations by your office or Military Personnel Division will be appreciated.

4. A survey of the personnel section of FE indicates that five of the twenty-four employees now performing personnel work are interested in an overseas assignment in this area. This would indicate that nineteen personnel technicians including a Lt. Colonel, a Major, and a GS-11 personnel officer will be available for exchange and transfer to other personnel components of the Agency.

5. The requests made in paragraphs 1 and 2 are in line with statements made by the DDA in his staff meeting of 15 July and are compatible with priorities given for the implementation of the FE field operation.
